Project Name: Machine Learning based Vehicle Performance Analyzer

Team members: Akash N

Adithya R

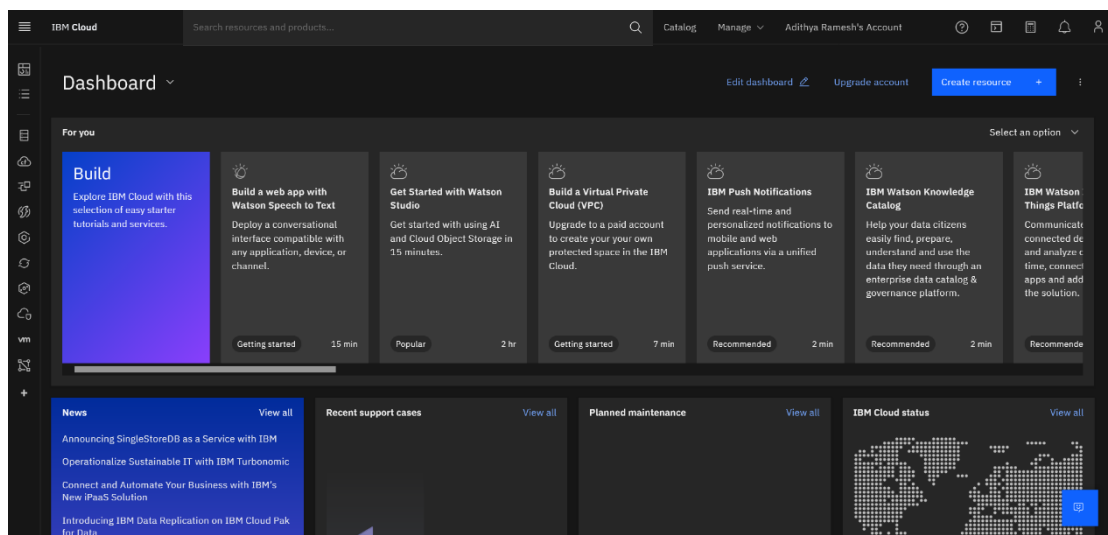

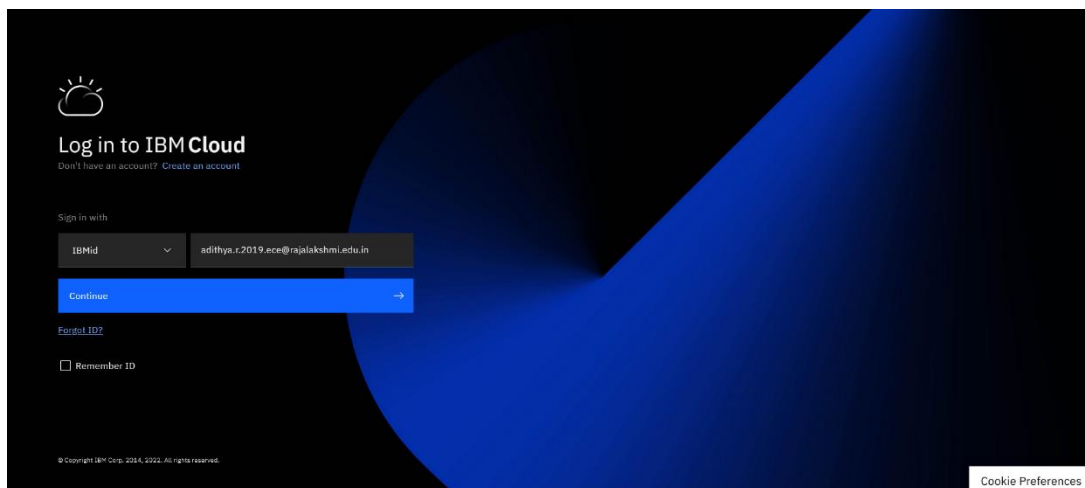

Aravind G

Chelladurai prasanth

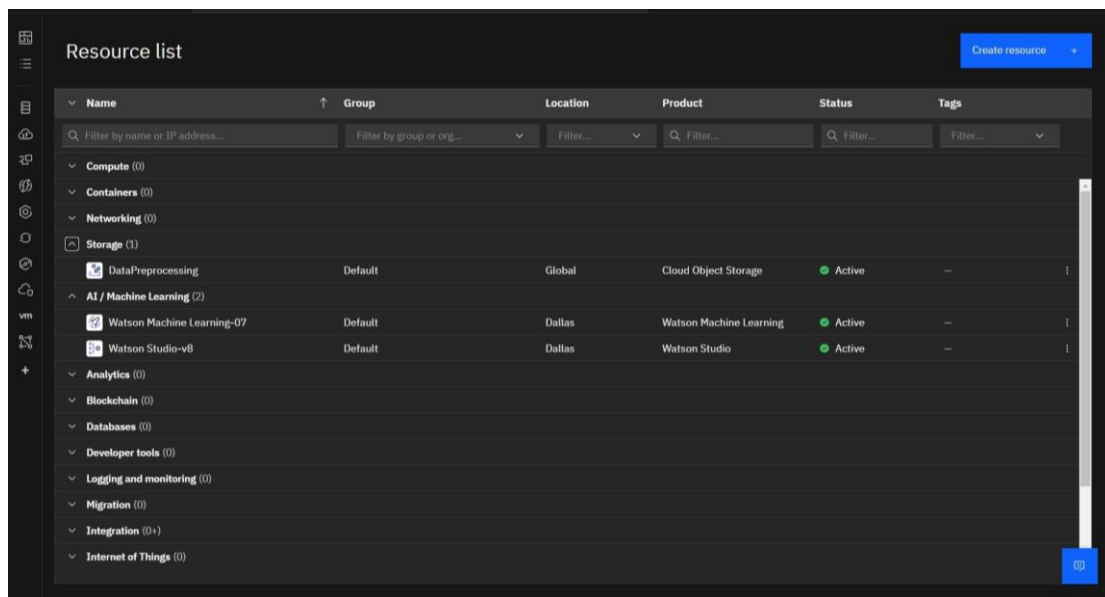

Industry Mentor(s) Name: Nidhi

Faculty Mentor(s) Name: Sushma S Jagtap

1. IBM Cloud Account Created:

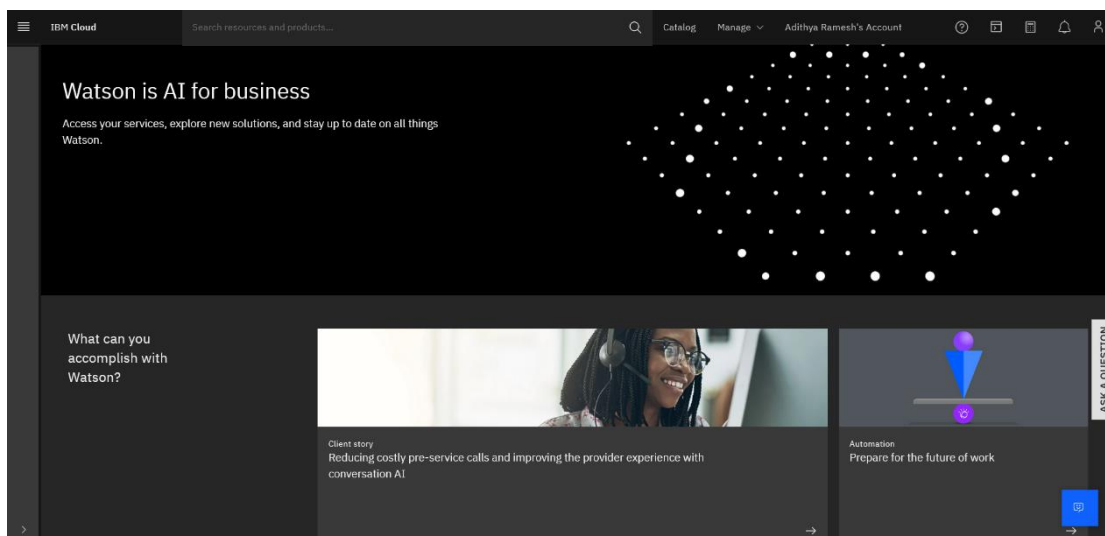

2. Resources list:

The screenshot shows the 'Resource list' interface in IBM Cloud. It features a sidebar with navigation icons and a main table of resources. The table has columns for Name, Group, Location, Product, Status, and Tags. A 'Create resource' button is in the top right. The table lists resources under various categories like Compute, Containers, Networking, Storage, AI / Machine Learning, Analytics, Blockchain, Databases, Developer tools, Logging and monitoring, Migration, Integration, and Internet of Things. The 'AI / Machine Learning' category is expanded, showing 'Watson Machine Learning-07' and 'Watson Studio-v8'.

Name	Group	Location	Product	Status	Tags
Filter by name or IP address... Filter by group or org... Filter... Filter... Filter... Filter...					
Compute (0)					
Containers (0)					
Networking (0)					
Storage (1)					
DataPreprocessing	Default	Global	Cloud Object Storage	Active	—
AI / Machine Learning (2)					
Watson Machine Learning-07	Default	Dallas	Watson Machine Learning	Active	—
Watson Studio-v8	Default	Dallas	Watson Studio	Active	—
Analytics (0)					
Blockchain (0)					
Databases (0)					
Developer tools (0)					
Logging and monitoring (0)					
Migration (0)					
Integration (0+)					
Internet of Things (0)					

3. IBM Watson Studio :

The screenshot shows the IBM Watson Studio landing page. The header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user's account. The main content area features a large banner with the text 'Watson is AI for business' and a sub-header 'Access your services, explore new solutions, and stay up to date on all things Watson.' Below the banner, there are two main sections: 'What can you accomplish with Watson?' and 'Automation Prepare for the future of work'. The 'Automation' section includes a video player and a 'Client story' about reducing costly pre-service calls. A vertical 'ASK A QUESTION' button is on the right side.

IBM Cloud Search resources and products... Catalog Manage Adithya Ramesh's Account

Watson is AI for business

Access your services, explore new solutions, and stay up to date on all things Watson.

What can you accomplish with Watson?

Client story
Reducing costly pre-service calls and improving the provider experience with conversation AI

Automation
Prepare for the future of work

ASK A QUESTION
